Problem ... why ... where we will start.

Tab for Major sections (interactive)

1. Where is Land Protected?

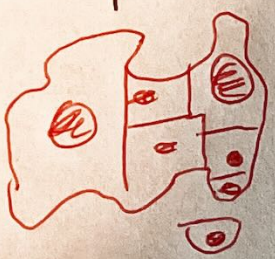

choropleth map

legend: ...

What it shows: ...

2. which states protect the most Land?

Pictorial symbol map

legend: ...

What it shows: ...

3. What about the Ocean?

Marine Bubble Map

legend: ...

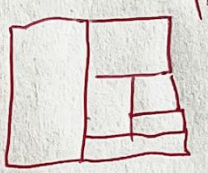

What it shows: ...

Easy states conservation story

i.e. % × Magnitude

High-Low | Largest | Ocean

4. Who Looks After Land?

Treemap

What they show: ...

5. How close are Land and Ocean to Aim?

radial target gauge

who cares? Different types of Protection

Indigenous | Terrestrial categories | Marine categories

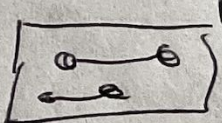

6. What is land Managed For?

Treemap

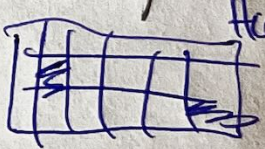

What they show: ...

How much is protected?

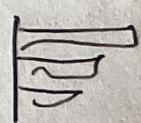

Dumbell Plot

7. How is Ocean Managed?

Heatmap

8. Which states contribute the most?

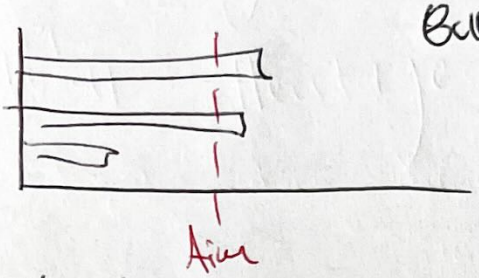

Bar Chart

What they show: ...

10. How Does Each state compare with the Aim?

Bullet Chart

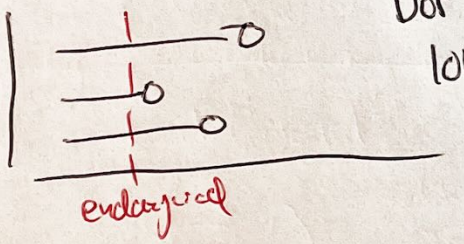

What it shows: ...

Protection Across Environmental Regions

Above Average	Below Average
...	...

11. Which Regions have less Protection?

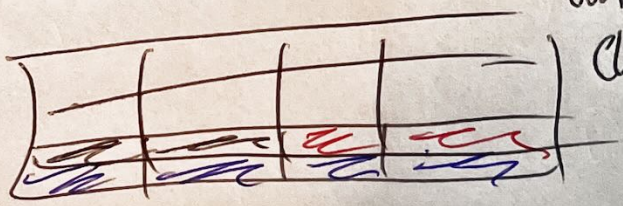

Dot Plot / lollipop chart

What it shows: ...

12. What should be Done?

Waffle Chart

What it shows: ...

What to DO? How to Meet Aim...

1. ...

2. ...

3. ...
